

FOR PRESIDENT:
WM. JENNINGS BRYAN
OF NEBRASKA.

FOR VICE-PRESIDENT:
JOHN W. KERN,
OF INDIANA.

RIP-ROARING TEDDY is making very much of "a monkey of himself" these days.

SENATOR FORAKER's reply to Scavenger Hearst bears the impress of truth in its every line, and to me it is a complete vindication of himself.

I THINK the Gangsters are beginning to find out that lying and vituperation cannot win in Iron county. See the letter of Jehu Jones, a truthful man, as well as a Republican.

IN our humble opinion four-flusher Hadley got all he wanted and more when he brushed up against the Insurance Commissioner. Mr. Vandiver skinned the Republican candidate to a finish.

THE State was called upon to pay Mr. Hadley's \$8 a day hotel bills while he was spectacularly "after" the trusts he didn't bust. But then, you know, g. o. p. administration always comes high.

It is a significant fact that, though the Adding Machine question was up before the court for months, Judge Schmidt's indignant "No!" was not heard until after the Dalton machine was turned down.

SALEM Monitor: "The Republican editor who says the election of Taft means peace, progress and prosperity, and that the election of Bryan means four years more of political agitation and industrial unrest, is either a damphool or a liar and nearly all Republican editors belong to one or the other class."

THERE are about forty Republican county courts in Missouri. Will the vituperating Gangsters point out one county court in the State that is acting in accordance with that school-book notion of "the noblest Judge in the United States"? If such a court could be named it would be liable to prosecution. For what fools must the Gangsters take the people they are vainly trying to deceive!

I PUBLISH with pleasure Mr. Dalton's straightforward, manly letter, and hereby gladly and freely retract whatever I may have said in adverse criticism to him in connection with the purchase of an adding machine by the county. It is a matter of congratulation that he is not a willing coadjutor to the "gang" of conscienceless defamers who are engaged in slinging mud at Iron county's honest and capable officials—all in hope of partisan gain.

I WANT to put on record this purported certificate from Judge L. L. Schmidt:

This certifies that county clerk, Jos. Reyburn was voted by the other members of the county court \$800 for clerical hire, aside from the amount provided for salary and deputy by statute. The statute allows him \$1100 for his salary and \$600 for the service of a deputy.

Sept. 9, '08.
I say "purported" because it is hard to believe that even Judge Schmidt would publicly assert that Judges Buford and Moyer and the County Clerk would deliberately conspire to commit a misdemeanor that would work a forfeiture of their several offices, to say nothing of making them liable to heavy fines.

P. S.—When Mr. Reyburn last Monday questioned Judge Schmidt relative to the above "certificate," the latter denied making it as it is printed. So it is merely a question of veracity between him and Benny's delectable sheet, and I am perfectly willing to let the people of Iron county render judgment.

THE Kansas City Post: Because the Republican Newspapers, and particularly those of the Hessian stamp, like the Kansas City Star, have been criticizing Senator Stone for introducing a bill to re-leave the St. Louis subtreasurer, Thomas A. Akins, of the responsibility for the unexplained disappearance of \$61,500 of government money from the subtreasury, Senator Warner has addressed the following letter to his colleague:

My Dear Senator—My attention has been called to the fact that you are being criticised for having introduced into the Senate of the United States a bill for the relief of Mr. Akins.

That bill you introduced at my request in the Fifty-ninth Congress and, as far as I know, took no further interest in it. It having failed of favorable consideration

in the Fifty-ninth Congress, I introduced it into the present Congress.

I have no interest in your contest to succeed yourself to the United States Senate, but do believe in fair play. I shall do all I can to make the next general assembly on joint ballot Republican so that I may have a Republican colleague in the United States Senate. Sincerely Yours,
WILLIAM WARNER.

SAYS Crow, g. o. p. postmaster for years at De Soto: "For years a ring has dominated and controlled the politics of the (Iron) county. They have been extravagant with the people's money and now it is being shown up in its true light." The man who says that Iron county has been dominated or is being dominated by a ring—other than the Democratic party—is a liar and the truth is not in him. Crow also says I have had my "mit in the public crib for all these years along with the rest of the vamps." In this the truth falls him, for I have never held public office and have no desire to. I have never been possessed of a dollar that I have not honestly earned in my vocation, and, so far as the "public printing" is concerned, would be several thousand dollars richer had I taken the recompense the law sets down, during the fifteen or twenty years that the REGISTER was the only paper in Iron county. Can a Republican paper in the State make a similar statement truthfully? His assertion that Iron county is going Republican at this election is of equal veracity. He is more credulous than he would be if he knew the "gangsters" who cause his partisan bosom to swell with false hope. But Crow is Crow, and he despises a Democrat as greatly as he does the King's English.

THE "Gangsters" assert that William Stevenson, candidate for Judge of the County Court, Southern District, was induced to make the race by Wm. T. O'Neal, late a citizen of Des Arc and near neighbor and friend to Mr. S. Whether the assertion is true or false, I do not know or care; but, coming from the source it does, it is reasonable to infer that it is a straight-out "Gangster" lie. If Mr. O'Neal did counsel Mr. Stevenson to run, he was only exercising his right as a friend, a Democrat and a free American citizen. Such is done every campaign by men of every shade of political opinion. So, too, every free American citizen has the inalienable right to announce himself a candidate, and the only time it has ever been questioned in this county has been by the "Gangsters" who are making dirty flings at the two gentlemen named above. I print on the first page of this issue a circular of profound interest to all who believe in fair play and decency. It will be remembered that a dozen of the "Gangsters" met several months ago and determined what men should run before the Primary; all others were barred under pain of the disapproval of the "gang." But there are some good Republicans whom the "gang" cannot rule. One of these is Mr. R. E. Johnston, who, at the solicitation of many friends, desired to make the race for Judge of the Western District. He came to Ironton to announce for that position, and did announce, against the wishes of the bossing coterie here. What then happened? The circular aforesaid will tell you. The same disreputable tactics employed against Democrats that, in Benny's paper have been a disgrace to journalism for three long years, were resorted to against Mr. Johnston. But he and his friends wouldn't stand for it, and in this instance, as it will prove in the others, the liars have overleapt themselves. But the nub to these remarks is in this: If the "Gangsters" claim the right to butt a candidate obnoxious to them off the track, how can they consistently find fault with a decent man for asking a brother Democrat to get on the track? O, gall, thy name is "Gangster!"
